Objective

Early-career IT professional with hands-on experience in onboarding, troubleshooting, access management, and customer support across Datacom and CityFitness. Seeking an IT support or service desk role where I can deepen my technical capability while delivering reliable, clear, and confident assistance to users.

Work Experience

- **Datacom — ANZ Application Services Team** Apr 2026 – Jun 2026
IT Intern Auckland
 - Supported onboarding workflows, troubleshooting, access requests, and application-related queries.
 - Guided users through account setup, MFA, permissions, and new system onboarding.
- **PawMatch.fit** Sep 2025 – Present
Independent Developer
 - Designed and built user-facing features with a focus on usability and accessibility.
 - Managed full development lifecycle from planning to deployment.
- **CityFitness** Feb 2025 – Present
Receptionist / Customer Support Auckland
 - Delivered front-line support and guided customers through onboarding and digital systems.
 - Managed accounts, payments, and system navigation for new members.
- **Various Auckland Venues** 2009 – 2018
Chef & Kitchen Team Leader Auckland
 - Led kitchen teams and coordinated operations in high-pressure environments.
 - Developed leadership, time management, and problem-solving skills.

Education

- **Open Polytechnic of New Zealand** 2025 – 2026
New Zealand Diploma in Information Technology (Level 5)
- **Toi Ohomai — Windermere Campus** 2024
New Zealand Certificate in IT Essentials (Level 4)

Certifications

- Google IT Support Professional Certificate
- Introduction to Cybersecurity — Cisco
- Introduction to Generative AI — Google
- AI For Everyone — Coursera
- NZ Certificate in IT Essentials (Level 4)
- NZ Certificate in Computing (Level 2)
- NZ Diploma in Information Technology (Level 5)

Technical Skills

- Troubleshooting, onboarding, MFA, and access workflows
- Front-end development: HTML, CSS, JavaScript
- Application support and digital systems navigation
- AI-assisted workflows: Cursor, GitHub Copilot, Perplexity
- Basic UI/UX awareness and user-focused design

Soft Skills

- Clear and professional communication
- Strong problem-solving and analytical thinking
- Attention to detail and accuracy
- Process-driven approach to troubleshooting
- Collaborative teamwork in technical environments
- Curiosity-driven learning and adaptability
